## Introduction

This document includes the second annual update, program year 2026-27 Annual Action Plan (AAP). The AAP outlines the current priorities, strategies, and actions in support of the strategic plan goals developed from the 2025-2030 Consolidated Plan (CP) approved on April 28, 2025. The AAP includes the funding allocation of the Community Development Block Grant (CDBG) that identifies available resources, annual goals, projects, and activities for the period beginning July 1, 2026, and ending June 30, 2027.

Federal funds are made available to the City on an annual basis and are based on a formula that takes into consideration the size of our population, the percentage of our population in poverty and the number of overcrowded housing units. In turn, the City of Upland, through its City Council Advisory Council, selects those activities that best meet the needs of our community, especially for those who have low- and moderate-incomes.

## Community Development Block Grant (CDBG)

The Housing and Community Development Act of 1974 created the CDBG Program with three primary objectives against which HUD evaluates the Consolidated Plan and the City's performance. Those primary objectives are decent housing, suitable living environments, and expanded economic opportunities for low- and moderate-income persons. The CDBG regulations require each activity to meet one of the following national objectives:

- Benefit low- and moderate-income persons; or
- Aid in the prevention or elimination of slums and blight; or
- Meet other community development needs having a particular urgency (usually the result of a natural disaster).

Annual allocations are subject to federal appropriations and changes in demographic data used in HUD's formulas. HUD's fiscal year 2026 appropriation and allocations are pending Congress budget approval. The Upland jurisdiction is estimated to receive \$600,000 in CDBG funds and will invest these funds, together with \$16,816.56 in prior year resources, to implement the following projects in the 2026-27 Annual Action Plan.

## 2026-2027 CDBG Activities

<b>Public Services Activities</b>	<b>\$90,000</b>
St. Joseph Church- His Hands Food Pantry	\$10,000
Pacific Lifeline- Women's Program Case Management	\$6,250
Inland Valley Hope Partners- Food Security Program	\$6,250
Upland Police Department- Upland Homeless Outreach & Prevention (U.H.O.P.E)	\$28,000
Ovation School for the Performing Arts- Changing the world, one child at a time	\$17,000
Pacific Community Center- Charity Events	\$6,250
Cooper Regional History Museum- Community Access & Local History Education Program	\$6,250
Gibson Senior Center- Recreation Scholarship Program	\$10,000
<b>Capital Activities</b>	<b>\$390,000</b>
Development Services Department- Business Attraction and Assistance Program	\$100,000
Development Services Department- Emergency Repair Program	\$150,000
Development Services Department- Commercial Rehabilitation Program	\$90,000
Connect Senior Services- Meals on Wheels Connect	\$50,000
<b>Program Administration Activities</b>	<b>\$120,000</b>
Administrative & Economic Development Costs	\$100,000
Inland Fair Housing and Mediation Board- Fair Housing	\$15,000
Inland Fair Housing and Mediation Board- Landlord/Tenant Services	\$5,000

Summary of the objectives and outcomes identified in the Plan needs assessment Overview.

The priority needs and goals identified in the Consolidated Plan are based on analysis of information including the input received during community meetings, results of the Community Needs Surveys, and the housing and community development data elements required by HUD.

In consideration of community input and available data, the five priority needs listed below are established as part of the 2025-2030 Consolidated Plan:

1. Affordable housing
2. Improved infrastructure
3. Equal access to housing opportunities
4. Public services for residents, including those with special needs and individuals experiencing homelessness.
5. Economic opportunity for low-income residents and small businesses

Consistent with HUD’s national goals for the CDBG program – which aim to provide decent housing opportunities, maintain a suitable living environment, and expand economic opportunities for low- and moderate-income residents – the priority needs listed above will be addressed over the next five years. This will be achieved through the implementation of activities aligned with the following measurable goals included in the Strategic Plan section of the Consolidated Plan:

**Table 1 - Strategic Plan Summary**

Goal Name	Needs Addressed	CDBG 5- Year Funding	Goal Outcome 5-Year Indicator
Goal 1: Expand access to affordable housing	Affordable housing	\$450,000	-Homeowner housing rehab: 45 households assisted
Goal 2: Improve public infrastructure and facilities	Improved public infrastructure; Improved public facilities	\$1,200,000	Public facility or infrastructure activities other than Low/Mod-Income Housing 2,500 persons assisted
Goal 3: Provide public services, including homeless services	Public services for residents, including those with special needs and those without a house.	\$450,000	-Public service activities other than low/mod-income housing activities 2,500 persons assisted -Homelessness prevention: 300 persons assisted
Goal 4: Foster economic development opportunity	Economic opportunity for low-income residents and small businesses	\$300,000	-10 businesses assisted -15 jobs created/retained
Goal 5: Planning & admin, including fair housing	Comply with federal CDBG regulations	\$600,000	Other: 5 years

City Council approved the reallocation of PY 2024-25 unexpended funds, \$16,816.56 to PY 2026-27 Capital Improvement Project, Emergency Repair Program and staff approval for the direction of the PY 2026-27 CDBG Award proportionate adjustment (+/-).

### Evaluation of past performance

The investment of HUD resources during the 2025-26 Program Year had impact in Upland, benefiting individuals and families, while also improving the built environment.

Together with other federal, state, and local investments, HUD resources allowed the City and its partners to assist low- and moderate-income individuals through community and supportive services, community facilities and infrastructure, homeownership programs, housing rehabilitation, and homelessness assistance. The City's accomplishments from July 1, 2025, to December 31, 2025, include:

Goal 1: Improve Public Infrastructure and Facilities – The Parking Lot and Gibson Senior Center capital improvement projects are scheduled to start construction by June 30, 2026.

Goal 2: Expand Access to Affordable Housing – Assisted 2 households through the emergency repair program.

Goal 3: Foster Economic Opportunity – Three businesses are in the process of completing the Full-Time Equivalent (FTE) requirement by June 30, 2026.

Goal 4: Provide Public Services for Residents – Assisted 959 low-income persons and 26 homeless persons.

Goal 5: Planning and Administration (inclusive of Fair Housing)– Fair Housing and Landlord–Tenant programs are funded through the Administration section, and formal data reporting is not required. However, the programs do submit quarterly reports. According to the most recent reports, they have assisted 20 individuals with fair housing services and 132 individuals with landlord–tenant mediation services.

Past Performance

Landlord and Tenant Mediation Services			132					132	

### Summary of citizen participation process and consultation process

The participation process is a crucial component of the CDBG program. The participation plan ensures that citizens, non-profit organizations, and other interested parties have adequate opportunities to review, comment on, and participate in the planning, implementation, and assessment of the CDBG program.

The City adopted a new Citizen Participation Plan on September 9, 2024, that reflects regulatory changes and process improvements for the 2025-2030 Consolidated Plan and Annual Action Plan.

The consultation process engaged the community through the Community Needs and Stakeholder Survey, community meetings, and interdepartmental discussions. These efforts identified five priority needs to be addressed through the investment of an anticipated \$3.0 million in CDBG funds over the five-year period of the Consolidated Plan.

The allocation of CDBG funds for eligible activities will be guided primarily by the five goals outlined in the Strategic Plan. To be considered for CDBG funding, proposed activities must align with a Strategic Plan strategy and support its associated action-oriented, measurable goals.

## The Process

### AP-05 Lead & Responsible Agencies

Describe agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

**Table 3– Responsible Agencies**

Agency Role	Name	Department/Agency
CDBG Administrator	City of Upland	Development Services Department
Consultant	LDM Associates, Inc.	Professional Services

### Narrative

The Upland Development Services Department is the lead agency responsible for the administration of the CDBG program and projects. Policy and funding approvals are decided by the City Council, which consists of the mayor, who is elected at-large, and four City Council Members representing each of the four Council Districts. Decisions regarding implementation of activities within the Consolidated Plan are based on staff recommendations and input from the residents.

The City contracted with LDM Associates, Inc. to prepare the Consolidated Plan. In the development of the Consolidated Plan, the City and LDM Associates, Inc. implemented a comprehensive citizen participation and consultation process and conducted a needs assessment and market analysis to identify levels of relative need regarding affordable housing, homelessness, special needs, and community development. This information was gathered through consultation with stakeholders, community meetings, review of demographic and economic data, and housing market analysis.

During the implementation of the Consolidated Plan and each of the five Annual Action Plans, the Development Services Department staff shall be responsible for all grants, planning, management, and monitoring to ensure compliance with HUD regulations and City policies.

## AP-10 Consultation

As part of the preparation of the Consolidated Plan the City reached out for consultation to agencies, groups, and organizations involved in the development of affordable housing, creation of job opportunities for low- and moderate-income residents, and/or provision of services to children, elderly individuals, individuals with disabilities, individuals with HIV/AIDS and their families, and individuals experiencing homelessness. To facilitate this consultation, the City solicited feedback through the following methods:

- Community Needs & Stakeholder Surveys (web-based and paper)
- Community meetings
- Public hearings
- Receipt of written or oral comments

Input received from these consultations helped shape the objectives and goals described in the Strategic Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

The City recognizes the importance of careful coordination and alignment among various service providers to maximize the effectiveness of its CDBG allocation. As a result, during the development of this Consolidated Plan, the City consulted with community organizations and City Departments. Outreach efforts included widely distributed invitations to surveys and community meetings. Outreach efforts reached over 100 organizations and agencies including:

- Nonprofit services providers
- Affordable and market rate housing developers
- Housing advocates
- Public agencies (e.g., school district, Public Housing Authority)
- Economic development and employment organizations
- Community and neighborhood groups
- Neighboring cities and communities

The City further recognizes the importance of continued coordination and alignment with these agencies and organizations throughout the upcoming five-year planning period. The City will strengthen relationships and alignment among these organizations in the implementation of projects funded by CDBG.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

San Bernardino County's homeless Continuum of Care (CoC) is comprised of a network of public, private, faith-based, for-profit, and nonprofit service providers that utilize several federal, state, and local resources to provide services for individuals experiencing homelessness. The region's municipalities, including Upland, also provide resources for services that assist the homeless and those at risk of becoming homeless. The nonprofit and faith-based community plays a key role in the current CoC system. Hundreds of agencies throughout the County provide programs ranging from feeding the homeless on the street to creating permanent supportive housing opportunities. These services support homeless individuals and families with children, as well as populations including victims of domestic violence, veterans, the disabled and youth.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The City is an active participant in the San Bernardino County CoC and a member of the San Bernardino County Homeless Partnership (SBCHP). The SBCHP goal is to provide a system of care that is inclusive, well planned, coordinated and evaluated, and accessible to all who are homeless or at risk of becoming homeless. The City is not a direct recipient of Emergency Shelter Grant (ESG) funds from HUD. Each year, the City participates in the CoC's Point-in-Time Homeless Count and Subpopulation Survey. During the development of the Consolidated Plan, the San Bernardino County CoC was consulted to provide information on homelessness to determine the needs of our homeless population. The following outreach list includes homeless service providers, which are also involved with the CoC.

Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities.

**Appendix 1- Agencies, groups, organizations who participated.**

Identify any Agency Types not consulted and provide rationale for not consulting

The City maintains a comprehensive list of agencies, organizations and other stakeholders, and invited representatives from each entity to participate in the planning process at multiple points in the planning process. If an agency did not attend a meeting or participate in surveys, it was by the agency's choice.

Other local/regional/state/federal planning efforts considered when preparing the Plan

**Table 4– Other local / regional / federal planning efforts**

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Human Services Office of Homeless Services	The Strategic Plan goal to provide public services aligns with the CoC's 10 Year Strategy to End Homelessness.
2021-2029 Housing Element	City of Upland	The Strategic Plan is in alignment with the Housing of the City's General Plan.

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(l))

City departments were consulted and invited to participate in the Notice of Funding Availability (NOFA) process. Adjacent agencies of government, the CoC lead and its members, were also invited to participate in the community meetings and the Stakeholder Survey.

## AP-12 Participation

Summary of citizen participation process/Efforts made to broaden citizen participation.

The City's Citizen Participation Plan sets forth the City of Upland's policies and procedures for providing citizens and other interested parties with opportunities to participate in an advisory role in planning, implementation, and evaluation of the Annual Action Plan (AAP). The City's process for developing its Annual Action Plan is as follows:

### Notice of Funding Availability (NOFA) Process

The development of the annual Action Plan is a lengthy process that begins with a competitive application process referred to as a Notice of Funding Availability (NOFA). On November 17, 2025, the City released a NOFA announcing the availability of PY 2026-27 CDBG application for eligible activities. Applications were due on December 18, 2025. Each application was reviewed by staff to ensure each application met a national objective and the ability to comply with applicable rules and regulations. Those applications that met threshold funding were forwarded to the City Council Advisory Committee for their consideration.

### City Council Advisory Committee

The City of Upland encourages all citizens to involve themselves in local government by participating in various City commissions, committees, and boards. The City Council Advisory Committee (CCAC) is a 5-person committee appointed by Upland City Council and responsible for reviewing and analyzing CDBG applications and presenting CDBG funding recommendations to City Council. The CCAC meets quarterly, and all meetings are open to the public.

For development of the Annual Action Plan, a public meeting was held on March 4, 2026, to receive presentations from CDBG Applicants, analyze each application for their ability to meet the City's Consolidated Plan goals and objectives and make funding recommendations. Funding decisions made by the CCAC were then incorporated into the PY 2026-27 Annual Action Plan for the City Council's consideration and approval at the April 27<sup>th</sup> City Council Meeting.

No public comments were received during the CCAC public hearing.

### Draft Annual Action Plan Public Comment Period

The PY 2006-27 Draft Annual Action Plan was available for public review and comments from March 26, 2026, to April 27, 2026. Public notices announcing the availability of the PY 2026-27 Draft Annual Action Plan for public review were made available at the Upland Public Library (450 N. Euclid Avenue, Upland) and City Hall (460 N. Euclid Avenue, Upland). The document was also posted on the City's website at [www.uplandca.gov/housing-reports](http://www.uplandca.gov/housing-reports). No public comments were received.

City Council Meeting

On April 27, 2026, the Draft PY 2026-27 Annual Action Plan was heard and approved by the City Council.

No public comments were received.

**AP-15 Expected Resources**

During the five-year period of the Consolidated Plan from July 1, 2025, to June 30, 2030, the City of anticipates investing an estimated \$3 million in CDBG funds to support the goals of the Strategic Plan.

Annual allocations are subject to federal appropriations and changes in demographic data used in HUD’s formulas for the programs. The City of Upland estimates a \$600,000 HUD appropriation for FY 2026–27. On April 27, 2026, the City Council approved staff’s request to make proportionate (+/–) adjustments upon receipt of the City’s final CDBG allocation.

CDBG funds are subject to spending restrictions. Planning and administrative costs are capped at 20 percent of the total grant, plus program income that is received during the program year. For Public Services activities, the total amount of CDBG funds that may be obligated must not exceed 15 percent of the annual grant allocation, plus 15 percent of the program income received in the prior program year. Any unappropriated CDBG funds and program income from a given year may be allocated to capital improvement activities.

**Table 6- Expected Resources –PY 2026-27**

Program	Uses of Funds	Expected Amount Available				Narrative Description
		Annual Allocation:	Program Income:	Prior Year Resources:	Total:	
CDBG	-Improve public infrastructure & facilities -affordable housing -economic opportunity -public services, -planning and administration.	\$600,000	\$0	\$16,816.56	\$616,816.56	Based on 2025 FY allocation from HUD. Steady annual funding is anticipated.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied.

The extent of need in Upland far exceeds the available funding from CDBG. Most activities into which these funds are invested will leverage a variety of additional sources including, but not limited to, public and private grants, capital development and general funds, public financing, and private donations. The city may pursue state sources, such as HOME and CalHOME programs. The

City encourages the use of Low-Income Housing Tax Credits to fund construction, substantial rehabilitation, or acquisition or affordable housing.

CDBG funds are not subject to federal matching requirements.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

The City will not use any publicly owned land or property located within the jurisdiction to address the needs identified in this plan.

#### Discussion

The City shares overall responsibility for meeting the priority needs identified in the Strategic Plan with many other organizations and is solely responsible for using CPD entitlement funds to address the needs of low- and moderate-income residents.

AP-20/ AP-23 Annual Goals and Objectives

**Table 7 - Goals and Objectives**

Goal Name	Start-End	Category	Geographic Area	Needs Addressed	CDBG Funding (\$)	Goal Outcome Indicator
Goal 1: Improve Public Infrastructure and Facilities	2026-2027	Non-Housing Community Development	Citywide	Improved public infrastructure	50,000	Public infrastructure activities other than Low/Mod-Income: 166 persons assisted
Goal 2: Expand access to Affordable Housing	2026-2027	Affordable Housing	Citywide	Preserve the supply of affordable housing	150,000	Homeowner Housing Rehabilitated: 7 Households Assisted
Goal 3: Public Services for low-income families, including homeless services	2026-2027	Non-Homeless Special Needs Homeless	Citywide	Public services to low-income residents	90,000	- Public service activities other than Low/Moderate Income Housing Benefit: 670 Persons Assisted - Homelessness prevention: 12 persons assisted
Goal 4: Foster Economic Development Opportunity	2026-2027	Non-Housing Community Development	Citywide	Economic opportunity for low-income residents and small businesses	190,000	Direct Financial Assistance for profits to businesses: 5 and 2 FTE
Goal 5: CDBG Admin, including fair housing	2026-2027	Program Administration	Citywide	Comply with federal CDBG regulations	120,000	Other: 1 year

**Table 8 - Goal Descriptions**

<b>Goal 1</b>	<b>Improve Public Infrastructure and Facilities</b>
Description	Improve public infrastructure to benefit low-and moderate-income people or those presumed under HUD regulations to be low-and-moderate income such as, but no limited to elderly people and disabled adults.
<b>Goal 2</b>	<b>Expand access to Affordable Housing</b>
Description	Preservation of existing affordable housing stock occupied by low-and moderate-income households through rehabilitation assistance; creation of new affordable housing units; and homebuyer assistance.
<b>Goal 3</b>	<b>Provide Public Services for residents</b>
Description	Provide residents with appropriate public services to support the wellbeing of Upland households with low-and moderate- income, living below the poverty line, and who are experiencing or at risk of falling into homelessness.
<b>Goal 4</b>	<b>Foster Economic Development Opportunity</b>
Description	Preserve and strengthen economic opportunity through activities to incentivize the creation and retention of jobs for low-and moderate-income residents and a façade program to improve the appearance of businesses and enhance the commercial appeal of the historic downtown core.
<b>Goal 5</b>	<b>CDBG Admin, including fair housing</b>
Description	Administration to comply with federal statutes and regulations pertaining to the CDBG Program. Affirmatively further fair housing choice through the provision of fair housing education, counseling, anti-discrimination and landlord-tenant mediation services.

### AP-35 Projects

To address the high priority needs identified in the Strategic Plan to the 2025-2030 Consolidated Plan, the City will invest CDBG funds in projects that preserve affordable housing, provide fair housing services, provide public services to low-income residents, prevent homelessness, and improve businesses. Together, these projects will address the housing, community, and economic development needs of Upland residents.

**Table 9 - Project Information**

Project Goals- Consolidated Plan	PY 2026-2027 Total Activities Funded
Improve Public Infrastructure & Facilities	\$50,000
Expand access to Affordable Housing	\$150,000
Provide Public Services for residents	\$90,000
Foster Economic Opportunity	\$190,000
CDBG Administration, including fair housing	\$120,000

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs.

As grant resources become increasingly scarce, it is important for the City to determine areas and population segments with the greatest level of need for a particular program or activity and to be able to invest federal, state, and local resources in high leverage opportunities where data suggests that the City will be able to maximize the impact of every dollar.

The 2025-2030 Consolidated Plan is a roadmap to guide the City's housing, community, and economic development investments during the next five years. All investments of HUD funding are used to address the priority needs listed in the City's five-year Consolidated Plan.

The limited funding resources continue to provide challenges to fully address the level of need identified in the Consolidated Plan.

AP-38 Project Summary

Project Summary Information

**Table 10 - Project Summary**

1	<b>Project Name</b>	Improve Public Infrastructure and facilities
	Target Area	Citywide
	Goals Supported	Improve Public Infrastructure
	Needs Addressed	Improved infrastructure activities
	Funding	CDBG: \$50,000
	Description	Improve public infrastructure and facilities to benefit low- and moderate-income people or those presumed under HUD regulations to be low-and-moderate income such as, but no limited to elderly people and disabled adults.
	Target Date	6/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	It is anticipated that 166 low- to moderate-income persons will be assisted.
	Location Description	Citywide
	Planned Activities	Improve Connect Senior Services- Kitchen for Meals on Wheels Connect
	2	<b>Project Name</b>
Target Area		Citywide
Goals Supported		Affordable Housing
Needs Addressed		Preserve the supply of affordable housing opportunities
Funding		CDBG: \$150,000
Description		Preservation of the quality of existing affordable housing stock occupied by low-moderate income households
Target Date		6/30/2027
Estimate the number and type of families that will benefit from the proposed activities		It is anticipated that 7 low- to moderate-income households will be assisted.
Location Description		Citywide
Planned Activities		Emergency Repair Program
3	<b>Project Name</b>	Provide Public Services for Residents
	Target Area	Citywide
	Goals Supported	Provide public services for residents
	Needs Addressed	Provide public services to low-income residents, including those with special needs, and who are experiencing or are at-risk of experiencing homelessness.
	Funding	CDBG: \$90,000

	Description	Provide residents with appropriate public services to support the wellbeing of Upland households with low-and moderate-income, living below the poverty line, and who are experiencing or at risk of falling into homelessness.
	Target Date	6/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	It is anticipated that 670 low- to moderate-income persons will benefit from public service activities and other housing benefit and 12 persons will be assisted by homelessness prevention.
	Location Description	Citywide
	Planned Activities	PY 2026-27 Public Service Activities: Inland Valley Hope Partners – Food Security Program; Pacific Lifeline – Women’s Program – Case Management; St. Joseph Church – His Hands Food Pantry; Upland Police Department – Upland Homeless Outreach & Prevention (U.H.O.P.E.); Ovation School for the Performing Arts – Performance Arts Program; Pacific Community Center- Community Resource Enhancement; Cooper Regional History Museum- Community Access & Local History Education Program; Gibson Senior Center- Recreation Scholarship Program.
4	<b>Project Name</b>	<b>Foster Economic Development Opportunity</b>
	Target Area	Citywide
	Goals Supported	Economic Opportunity
	Needs Addressed	Strengthening economic opportunity through businesses
	Funding	CDBG: \$190,000
	Description	Preserve and strengthen economic opportunity through activities to incentivize the creation and retention of jobs for low-and moderate-income residents.
	Target Date	6/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	It is anticipated that direct financial assistance will be provided to 5 for profits to businesses and creating 2 Full-Time Equivalent (FTE).
	Location Description	Citywide
	Planned Activities	Direct financial assistance
5	<b>Project Name</b>	<b>CDBG Admin, including fair housing</b>
	Target Area	Citywide
	Goals Supported	Planning and Administration
	Needs Addressed	Improved infrastructure and public facilities; preserve the supply of affordable housing; ensure equal access to housing opportunities; provide public services to low-income residents; including those with special needs and who are experiencing homelessness; and economic opportunity for low-income residents and small businesses.
	Funding	CDBG: \$120,000

Description	Administration to comply with federal statutes and regulations pertaining to the CDBG Program.
Target Date	6/30/2027
Estimate the type and goal for the proposed activities	Program Administration
Location Description	City of Upland, 460 North Euclid Avenue, Upland, CA 91786
Planned Activities	Administrative Services of the CDBG Program. Inland Fair Housing Mediation Board (IFHMB)- Fair Housing and Landlord/Tenant Services.

## AP- 50 Geographic Distribution

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.

The City has not established specific target areas in which to focus the investment of CDBG funds. For the 2026-27 Program Year, the City will invest 100 percent of non-administrative funds to directly benefit low- and moderate-income individuals throughout the City. Infrastructure improvements and public facilities will be focused on areas with a concentration of residents with low- and moderate-incomes or sites that serve a presumed group. Housing assistance will be made available to income-qualified households throughout the City.

**Table 11 - Geographic Distribution**

Target Area	Percentage of Funds
Citywide	100%

### Rationale for the priorities for allocating investments geographically

HUD allows CDBG grantees to implement certain activities, such as initial construction or expansion of community facilities and infrastructure that benefit certain neighborhoods, but not the entire City, provided the service area for the facility or infrastructure is primarily residential, and where at least 51 percent of residents are low- and moderate-income.

It is the City's intent to fund activities in the areas and for the populations most directly affected by the needs of low-income residents and those with other special needs. Where appropriate the Annual Action Plan will direct investment to an area benefit neighborhood. The area benefit category is the most used national objective for activities benefiting a residential neighborhood. An area benefit activity is one that benefits all residents, where at least 51 percent are low- and moderate-income. Public infrastructure improvements are an area benefit activity when they are in a predominantly low- and moderate-income neighborhood.

### AP-55 Affordable Housing

The 2025-2030 Strategic Plan provides the framework for investing CDBG funds in Upland. Expanded access to affordable housing is a goal identified in the Strategic Plan that will be addressed by the City’s Emergency Repair project, which will provide grants up to \$20,000 to income-eligible homeowners to repair their homes.

Below is a summary of the City’s planned actions in the coming year.

**Table 12 - One Year Goals for Affordable Housing by Support Requirement**

One Year Goals for the Number of Households to be Supported	
Homeless	0
Non-Homeless	7
Special-Needs	0
Total	7

**Table 13 - One Year Goals for Affordable Housing by Support Type**

One Year Goals for the Number of Households Supported Through	
Rental Assistance	0
The Production of New Units	0
Rehab of Existing Units	7
Acquisition of Existing Units	0
Total	7

### Discussion

Upland residents have a significant need for high quality and affordable housing. In Program Year 2026-27, the City anticipates assisting seven homeowner households to rehabilitate their homes. This assistance will be provided to eligible households with low- to moderate-incomes.

## AP- 60 Public Housing

Upland is served by the HASBC. The Housing Authority provides tenant- and project-based Housing Choice Vouchers (HCV) in Upland. Based on the HACSB FY 2025 Moving To Work report, HACSB assisted 27,500 people with rental assistance and 2,594 project-based vouchers were issued. Los Olivos is a project-based complex, accounting for 98 of the HVCs.

### Actions planned during the next year to address the needs of public housing.

The City supports HACSB efforts to provide housing assistance for eligible low-income households. Public housing needs are addressed by HACSB. HACSB programs include the following:

- Tenant-Based Voucher Rental Assistance
- Term-Limited Lease Assistance
- Streamlined Lease Assistance
- Project-Based Voucher
- Pilot Homeless
- Public/Affordable Housing

HACSB also administers Special Purpose Voucher Programs, such as the Continuum of Care-Shelter Plus Care Grants, Veterans Assistance Supportive Housing (VASH), Housing for Persons with AIDS, Family Unification, Mainstream Voucher, and Emergency Housing.

### Actions to encourage public housing residents to become more involved in management and participate in homeownership.

To encourage public housing residents to become more involved in the management of public housing units, HACSB has developed a Resident Advisory Board (RAB) made up of participants from its Term-Limited Lease Assistance Program, Project Based Voucher Program, VASH, and the Tenant-Based Voucher Program. The RAB is responsible for discussing critical issues, including policy changes, outreach efforts, and messaging strategies that impact residents and program participants.

The HACSB offers several ongoing programs to help residents become more involved in management and participate in homeownership. HACSB offers a Family Self-Sufficiency (FSS) program for its residents, which allows participants to save a portion of their income in escrow toward the family's departure from subsidized housing. Residents in the FSS program and HACSB Term-Limited Lease Assistance program have access to employment services through the HACSB Family Empowerment Services Department. The Department assigns families to a coach that assists the family with creating and implementing an Individual Training and Services Plan focused on educational and career goals. HACSB also administers a successful Homeownership Assistance

Program. Through this program, eligible families participating in the Housing Choice Voucher (HCV) program can utilize their HCV financial assistance to purchase a home.

If the Public Housing Authority (PHA) is designated as troubled, describe the manner in which financial assistance will be provided or other assistance.

Not applicable. HACSB is considered a High Performing Public Housing Authority (PHA).

HACSB is well-positioned to maintain and expand the supply of affordable housing units in the Upland through its partnerships with the State of California, San Bernardino County Department of Community Development and Housing, other cities, and Housing Partners affiliated to the Housing Authority.

## AP- 65 Homeless and Other Special Needs Activities

The City of Upland places a high priority on assisting households experiencing or at risk of experiencing homelessness, and households with other non-homeless special needs. The City strives to meet these needs through the expanded access to affordable housing and public service goals and associated activities. The City does not receive a direct allocation of ESG funds from HUD.

The 2026 PIT Count was conducted on January 22, 2026, and the report was not available at the time this document was prepared. According to the results of the January 23, 2025, PIT Count, in San Bernardino County approximately 2,636 individuals were unsheltered, a decrease of 419 persons (-13.7%) from 2024. To address incidences of homelessness in Upland and prevent extremely low-income families from becoming homeless, the City supports programs that work to prevent homelessness or rapidly connect unsheltered individuals with housing and supportive services. Of the 2,636 total number unsheltered persons identified, 33 were counted in Upland, a decrease of 4 persons (-11%) from 2024. The 2025 PIT Count for sheltered individuals was 1,201, no change from 2024 (0.0%). There were 34 sheltered persons identified in Upland, a decrease of 25 persons (-42%) from 2024.

Analysis of available data and consultation with organizations providing services for special needs populations revealed a need for a range of services including but not limited to those concerned with disabled adults. CDBG PY 2026-27 will support a public service activity delivered by Ovation School of the Performing Arts-Changing the world, one child at a time, using unique educational models to provide social skill and the performing arts, in integrated settings that model specific community and work environments for disabled children and adults. The City's Emergency Repair Program provides grants for accessibility improvements to disabled adults, seniors, and retired veterans with mobility impairments.

Describe the jurisdiction's one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs.

Preventing and ending homelessness is a HUD priority addressed nationally through coordination of regional strategies and carried out locally by government agencies and a wide variety of community-based organizations and faith-based groups. Consistent with this approach, the City supports the efforts of San Bernardino County Continuum of Care (CoC) and its member organizations that address homelessness. In alignment with this strategy, the City will use CDBG funds and local funds to support local service providers with programs that include reaching out to homeless persons, especially those who are unhoused, to assess their needs and connect them with appropriate resources.

In PY 2026-27 the City will provide CDBG funding to Upland Homeless Outreach Prevention and Education (U-HOPE) to provide street outreach services and tangible resources in Upland. This activity is associated with the one-year goal to provide public services to qualified Upland residents in need, including those experiencing homelessness.

#### Addressing the emergency shelter and transitional housing needs of homeless persons

In PY 2026-27 the City will allocate funds to U-HOPE and Pacific Lifeline's Women's Case Management Program. These programs provide emergency, transitional and supportive case management services to connect households with the resources they need.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

To support the City's goal of providing public services during PY 2026-27, CDBG resources will be directed to Inland Valley Hope Partner, St. Joseph Church, and Pacific Community Center to provide food and school supply assistance. These types of assistance defray essential costs of living, allowing households to direct more of their income toward rent. This, in turn, helps to prevent homelessness and makes permanent housing more affordable until households can fully sustain the full financial responsibility.

Additional efforts are underway at the regional level to shorten the period that individuals and families experience homelessness, and to prevent individuals and families who were recently homeless from becoming homeless again. 2-1-1 regularly works with public service agencies to analyze the resources and funding being used to operate transitional housing programs and consider how these resources could be used more in alignment with the best practices (i.e., rapid re-housing and permanent housing) for ending homelessness. Many transitional housing providers are working to end homelessness, to evaluate strategies to lower program threshold requirements, and improve outcomes including shorter shelter stays and more rapid transitions to permanent housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The County in collaboration with the CoC maintains Discharge Coordination Policies for the systems of care it administers, such as discharge from the Corrections, Foster Care, and the Mental Health systems. The City supports the CoC's advocacy for development of consistent policy implementation by hospital administrators for best practices, such as recuperative care, and co-location of health services near affordable housing developments.

## AP- 75 Barriers to Affordable Housing

A barrier to affordable housing is a public policy or nongovernmental condition that constrains the development or rehabilitation of affordable housing, such as land use controls, property taxes, state prevailing wage requirements, environmental protection, cost of land and availability of monetary resources. Barriers to affordable housing differ from impediments to fair housing choice in that barriers are typically lawful and impediments to fair housing choice are usually unlawful.

The City's 2021-2029 Housing Element describes the following constraints on housing development due to local policies:

Development Fees: The City of Upland, like other California communities, charges fees to cover the cost of processing development applications and to finance the construction of adequate public facilities, water and sanitation treatment, and other infrastructure needed to support new residential developments. After the passage of Proposition 13 and its limitation on local governments' property tax revenues, local governments have faced increased difficulty in providing and financing appropriate public services and facilities to serve residents. One of the main consequences of Proposition 13 has been the shift in funding of new infrastructure from general tax revenues to development impact fees and improvement requirements imposed on developers.

Development impact fees add to the cost of residential development; however, they can be a cost-effective mechanism for financing the new infrastructure (e.g., water, sewer, roads) required to support new development. The fees allow for the consolidation of infrastructure projects when it is more cost-effective to do so and, by law, must be linked to the actual impact of the specific project. Additionally, in the case of Upland, fees per unit for high-density residential are lower than fees per unit for low-density residential. Overall, the City's fees are not excessive and do not constitute unreasonable constraints on the production of multifamily housing.

Permitting Processes: The City's permit processing times are similar or faster than other communities in the area. Upland's development review process does not represent a constraint that is significant, although additional staff resources would enable staff to process projects more quickly. Since 2016, the City has retained contract staff to supplement City staff to maintain efficient entitlement processing and has also utilized contractors for planning entitlements and building and safety plan checks. Regulations to include additional environmental assessments, requirements of state laws such as SB 18 and/or AB 52, and water quality management plan requirements (all federal, state, and regional requirements) have added to the processing time and cost of development in all cities, not just in Upland.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

The City's *Housing Element* describes the goals, policies, programs, and objectives to address the City's housing needs for the 2021-2029 planning period. The Plan addresses the issues of new housing production, rehabilitation, conservation, and assistance for current and future Upland residents. The goals, policies, and programs are listed below.

Goal: Upland's Neighborhoods. Strong and healthy neighborhoods with well-maintained housing, ample public services, open space, and infrastructure that provide a quality place to live.

Goal: Upland's Housing Supply. A diverse supply of housing that is designed, built, and located in a manner that is consistent with the City's land use, zoning, circulation, and open space goals.

Goal: Housing Assistance. Opportunities for lower- and moderate- income residents and households with special needs to rent, purchase, or maintain adequate housing in the community.

## AP-85 Other Actions

In the implementation of the 2026-27 Annual Action Plan (AAP), the City will invest CDBG resources to address obstacles to meeting underserved needs, reduce the number of poverty-level families, develop institutional structure, and enhance coordination between public and private housing and social service agencies.

### Actions planned to address obstacles to meeting underserved needs.

The primary obstacles to meeting the underserved needs of low- and moderate-income people include lack of funding from federal, state, and other local sources, the high cost of housing that is not affordable to low-income people, and the lack of availability of home improvement financing in the private lending industry. To address these obstacles, the City is investing CDBG funds through the 2026-27 Annual Action Plan in projects that provide public and housing preservation services to low- and moderate-income people. To address underserved needs, the City is allocating 100 percent of its non-administrative CDBG investments for Program Year 2026-27 to projects and activities that benefit low- and moderate-income people.

### Actions planned to foster and maintain affordable housing.

In the implementation of the 2026-27 Annual Action Plan, the City will invest CDBG funds to preserve and maintain affordable housing through the City's Emergency Repair Program that will provide grants to low- income owners of single-family housing units in need of immediate or urgent repairs to the home.

### Actions planned to reduce lead-based paint hazards.

The Residential Lead Based Paint Hazard Reduction Act of 1992 (Title X) emphasizes prevention of childhood lead poisoning through housing-based approaches. To reduce lead-based paint hazards, the City's Emergency Repair Program will conduct lead-based paint testing and risk assessments for each property assisted that was built prior to January 1, 1978, and will incorporate safe work practices or abatement into the scope of work as required to reduce lead-based paint hazards in accordance with 24 CFR Part 35.

### Actions planned to reduce the number of poverty-level families.

The implementation of CDBG activities meeting the goals established in the Strategic Plan and this Annual Action Plan will help reduce the number of poverty-level families by supporting:

- Activities that expand access to housing that is affordable to low- and moderate-income households.
- A continuum of housing and public service programs to prevent and eliminate homelessness.
- Housing preservation programs that ensure low-income households have a safe, decent, and appropriate place to live.

- Public services for low- and moderate-income residents including those with special needs
- Economic opportunity for business that will employ low- and moderate-income residents.

In addition to these local efforts, mainstream state and federal resources also contribute to reducing the number of individuals and families in poverty. Federal programs, such as the Earned Income Tax Credit and Head Start, provide pathways out of poverty for families who are ready to pursue employment and educational opportunities. Additionally, in California, the primary programs that assist families in poverty are CalWORKS, CalFresh (formerly food stamps), and Medi-Cal. Together, these programs provide individuals and families with employment assistance, subsidy for food, medical care, childcare and cash payments to meet basic needs such as housing, nutrition, and transportation. Other services are available to assist persons suffering from substance abuse, domestic violence, and mental illness.

#### [Actions planned to develop institutional structure.](#)

The institutional delivery system in Upland is highly functioning and collaborative, particularly the relationship between local government and the nonprofit sector, which is comprised of a network of capable organizations that are delivering a full range of services to residents. Strong City departments anchor the administration of HUD grant programs, housing, and community and economic development activities that are implemented by the City support to enhance the institutional structure. The City will collaborate interdepartmentally, with residents, and with nonprofit agencies receiving CDBG funds through the 2026-27 Annual Action Plan to ensure the needs of low-and-moderate-income residents are met as envisioned within the 2025-2030 Consolidated Plan - Strategic Plan.

#### [Actions planned to enhance coordination between public and private housing and social service agencies.](#)

Communication and cooperation between the City Development Services Department and the partner agencies and organizations that administer activities is strong. City staff continues to work closely with the other organizations to improve regulatory compliance, monitoring, cooperation and partnerships among agencies and technical capacity of organizations involved in project delivery.

To enhance coordination between public and private housing and social service agencies, the City will continue consulting with and inviting the participation of a wide variety of agencies and organizations involved in the delivery of housing and supportive services to low- and moderate-income residents in upland—particularly the CDBG low- and moderate-income areas.

### AP- 90 Program Specific Requirements

In the implementation of programs and activities under the 2026-27 Annual Action Plan, the City will follow all HUD regulations concerning the use of program income, forms of investment, and overall low-and-moderate-income benefit for the CDBG program.

### Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in Table 7 identifies program income that is available for use that is included in projects to be carried out.

**Table 14- CDBG Requirements**

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$0
2. The amount of proceeds from Section 108 loan guarantees that it will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	\$0

**Table 15 - Other CDBG Requirements**

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low- and moderate-income. Specify the years covered that include this Annual Action Plan.	70%
3. Overall benefit period	2025, 2026, 2027

### Discussion

The City anticipates that more than 70 percent of CDBG funds expended during the 2025 – 2027 certification period will benefit low- and moderate- income persons in accordance with the overall benefit requirement at 24 CFR 570.200(1)(3).

## Appendix 1– Agencies, groups, organizations who participated

LOCAL GOVERNMENT		
1	Agency/ Group/ Organization	City of Adelanto
	Type	Local Government; Housing; Services-Housing; Service- Children; Services-Elderly; Planning Organization
	What section of the Plan was addressed by Consultation?	Housing Needs Assessment; Homelessness Strategy; Non-Homeless Special Needs; Economic Development; Lead-Based Paint Strategy; Anti-Poverty Strategy
	How was the Agency/ Group/ Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	To obtain a comprehensive assessment of the needs and priorities within the community, the Consolidated Plan process included consultation and engagement with City residents, service providers, and selected departments through surveys, meetings, and email.
2	Agency/ Group/ Organization	Town of Apple Valley
	Type	Local Government; Housing; Services-Housing; Service- Children; Services-Elderly; Planning Organization
	What section of the Plan was addressed by Consultation?	Housing Needs Assessment; Homelessness Strategy; Non-Homeless Special Needs; Economic Development; Lead-Based Paint Strategy; Anti-Poverty Strategy
	How was the Agency/ Group/ Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	To obtain a comprehensive assessment of the needs and priorities within the community, the Consolidated Plan process included consultation and engagement with City residents, service providers, and selected departments through surveys, meetings, and email.
